

THE WHITE HOUSE
WASHINGTON

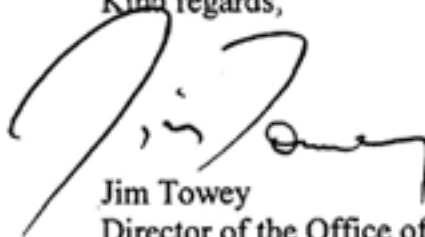

April 25, 2003

Dear Dale and Harry:

As we become a Nation that has more parents to care for than children, I applaud the effort of the *Thou Shalt Honor Foundation* to create a series of regional CareGiver and Edlercare Town Hall Meetings that will be later televised through the local and regional PBS stations. Based on the success of the original *And Thou Shalt Honor* PBS outreach project broadcast October 9, 2002, this new, continuing effort will encourage the education and enlightenment of our citizens through practical discussions with local, regional and national leaders in the caregiving and healthcare fields. Stimulating public forums that reach a wide and diverse audience, developed from grassroots community action initiatives, are very welcome, and can lead to enhanced caregiving that will uphold human dignity in times of serious illness. Faith-based and community organizations have been leaders in this effort.

I commend this effort to honor and care for our frail elderly in our society. God bless you.

Kind regards,

Jim Towe
Director of the Office of Faith-Based and Community
Initiatives

Mr. Dale Bell and Mr. Harry Wiland
